

MONONA  
TERRACE

July 23, 2010

Curtis D. Wittwer  
Curtis Consultation  
111 West Wilson St. Suite 501  
Madison, WI

Dear Curtis:

On behalf of the staff, board and volunteers at Monona Terrace Community and Convention Center, thank you to the Wisconsin Alliance of Artists and Craftspeople for the purchase of a Grand Tile on Olin Terrace to commemorate the 30<sup>th</sup> anniversary of Art Fair Off the Square. We must also thank Irwin and Robert Goodman for their community spirit and generosity.

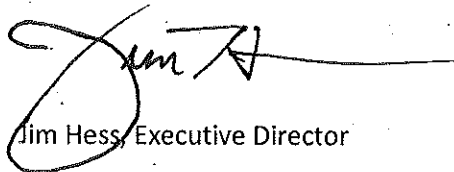

In 1938, Frank Lloyd Wright had a vision to create a dream civic center for his beloved Madison. His vision became a reality in part due to the generous outpouring of community support that resulted in \$8 million in donations to help fund the construction of the facility.

Now, thirteen years after the doors first opened, Monona Terrace continues to give back to the community with numerous free and low cost community events made available to the public annually as a thank you for their support. These community events serve over 32,000 people each year, and provide an opportunity for everyone to enjoy Monona Terrace as their community gathering place. Your generous support will provide direct support to our community outreach initiative.

Your tile purchase is recognized by the Monona Terrace Community Programs and Endowment Fund, a 501©3 organization, and is tax deductible to the extent allowed by law.

Enjoy your inscribed tile through the years and thank you for your participation and support!

Sincerely,

Jim Hess, Executive Director
